

Preparation of Family Tree

The Family Tree is a preparation for a Generational Healing Mass. It is to be used to help look at the generations before you (parents, aunts, uncles, grandparents, great-grandparents, etc.), your generation (you, spouse, siblings, cousins), and generations after you (children, grandchildren). It is meant to bring the healing Blood of Jesus into our generational lines to heal any spiritual, physical, or mental maladies passed down through the generations. These can be caused by involvement with: the Occult (secret spiritual knowledge or power) which denies the Lordship of Jesus Christ; habitual or severe sin, especially those seen generation after generation; or those things which have wounded or traumatized us or our generational lines, which need healing.

Note: this is not about finding fault or assigning blame; this is about God's healing. Some things that need healing are our own faults, but some are caused by others. Even if you recognize something is your fault, **this is not about feeling bad about yourself! This is about bringing all that we are to God's merciful Hands for healing and renewal.** He can recreate *all*. He created time, and is not bound by the limits of time. He can go back through the generations to bring His healing Blood, and refresh our lives.

A family tree is used to diagram family history so you can see at a glance where problems are in each generation. Begin at the bottom of the family tree; fill in your name and your spouse's name, and any problems you have (if divorced, insert your previous spouse's name, too). Do this same with your children, your parents and your brothers and sisters. Continue in this way up the family tree, as far as you can remember, indicating any patterns or problem areas in your family line. Some problems come down vertically, as from grandfather to father, some horizontally, from aunt to aunt, or cousin to cousin. Some of the problems are obvious, others are known only to God. Don't worry about what you do not know. Jesus will reveal what you need to know, and what He reveals He will bring into healing.

Great traumas may be healed through generational healing prayer without your knowing their exact cause. However, if you find that your family's problems are not completely resolved after one Generation Healing Mass, or healing prayer session, continue to intercede for them. In some cases, it may be necessary for prayer of the Healing of Generations to be repeated several times for family bloodlines. The following instructions provide some ideas to help prepare your family tree.

To construct your family tree, go back at least four generations, even if you do not know all names. If possible, check with parents, grandparents and other relatives to get more details or clearer information. Simply write on the family tree every issue that you would like to bring to the Lord. If you were adopted you may have only a minimal amount of information regarding your biological family. In that case, include whatever information you have as to your biological family, as well as any pertaining to your adopted family. If you were adopted and are unaware of your biological family, simply include all the information pertaining to your adopted family.

Once you have finished constructing the family tree, look at the possible patterns or problem areas with the family bloodlines. Below are some of the common areas of generational bondage or sin that may help jog your memory and make a more complete picture of your family line.

Remember to ask the Holy Spirit to reveal His Truth. He may give you an area that is not listed below, but it is essential to put down all areas revealed to you in order to break the patterns of generational sin.

Instructions For the Generational Healing Mass

The Family Tree should be constructed ahead of time, and you should have an envelope in which to seal it. However, many people find that at the Mass, other things come to their mind. Be ready to write more on the Family Tree, if necessary. **During the Preparation of the Gifts, the Family Trees will be collected, so make sure to seal it in the envelope before it is collected.** The Family Tree will NOT be looked at by anyone by you and God. After the Mass, they will be burned.

If you are enjoined to another, you must be cut free from this relationship. Remember that Jesus does not separate us from a per-

son when we have been tied to him or her in ways that are holy and within God's plan and will. He only sets us free from the unholy or destructive part of the relationship.
